

DEFOAMER #1

DESCRIPTION

DEFOAMER #1 is a polymeric product that can be used anywhere foam causes a problem. It quickly penetrates and breaks down bubbles. It contains no solvents, acids, or caustics, and is odorless.

USES

As a tank side addition to:

- **Spray Washers**
- **Soak Tanks**
- **Cutting fluid reservoirs**
- **Water towers**
- **Waste treatment**

PHYSICAL PROPERTIES

Form:	<i>Liquid</i>	Specific gravity:	<i>1.02</i>
Appearance:	<i>Translucent white</i>	Odor:	<i>Faint</i>
pH @ 5% solution:	<i>7.0 to 7.5</i>	pH @ concentrate:	<i>7.47</i>
Flash point:	<i>400° F</i>	Solubility in water:	<i>100%</i>

RECOMMENDED USAGE

As a starting point, use approximately 1 pint per 300 gallons of fluid. This may be changed at any time to meet the existing conditions.

HANDLING AND STORAGE

Keep from freezing. Freezing will have an adverse effect upon product performance.
